UNION LEADERS CLAIM NEARLY 400,000 MINERS ARE ON STRIKE

This Represents Practically Two-Thirds of Total Engaged in Mining Bituminous Coal.

LEADERS ARE RESTRICTED

Miners Are Apparently "Sufficiently Instructed" to Initiate Strike Without Orders.

FEDERAL TROOPS ARE CALLED

Are Scattered Throughout Principal Districts But Services Are Not Required up to Noon.

(By United Press.)

Union leaders claimed today that nearly 400,000 or two-thirds of the bituminous coal miners in the country had rescinded to the strike call, effective last midnight.

This figure represents practically the entire union membership. The operators generally made no estimate of the number of miners out in their respective districts. In the few instances where they did make an estimate, it was much lower than the union claimed, though in one or two cases the rival estimates agreed.

Although officials of the United Mine Workers were technically restricted from directing the strike by the restraining order issued yesterday in the Indianapolis federal court, the miners apparently were sufficiently instructed to initiate a strike without further orders today. Federal troops were scattered throughout the principal mining districts but their services had not been required to suppress any disorders up to noon.

The latest step in government coal distribution was the appointment by rail Director Hines of committees to take charge of this work in the eight regional railway districts with headquarters in New York, Boston, Philadelphia, Atlanta, Pittsburgh, Cleveland, Chicago and St. Louis.

Bituminous coal miners, defying the government's injunction went on strike, early today. Early reports issued on claims of union officials indicated the response to the strike order had been general in some districts.

Federal troops were mobilized at strategic points ready to act immediately in case of any disorders.

The unions claimed that 100,000 miners walked out in the Pittsburgh and Clearfield districts of western Pennsylvania. Operators countered.

HALLOWE'EN QUIETLY CELEBRATED HERE

Police Say That It Was Most Orderly Crowd in the History of Rushville.

NO EXTRA POLICE EMPLOYED

Hallowe'en night passed very quietly in Rushville and very little disturbance was noted. The number of masqueraders and people on the streets was not as large as in previous years, and the crowd in general were very orderly. Those that were masked did not include children alone, as many of the "grown-ups" also took part. Aside from a dance at the Social Club, there was no other event to attract the masqueraders.

Policeman Newhouse remarked this morning that he had been on the force for four Hallowe'ens, and that last night was the quietest on record. There were no special police on duty, but it was reported that there was a guard at the home of Mayor A. B. Irvin, who feared damage to his property.

Scope Of The Injunction is Questioned

District Attorney Says Judge Anderson's Jurisdiction Does Not Extend Out of State, But is Binding on Defendants Wherever They Are

MINERS TO FIGHT IN COURT

(By United Press.)

Washington, Nov. 1.—Department of Justice officials here today disagreed emphatically with the interpretation L. Ert Slack, United States district attorney at Indianapolis, placed upon the injunction against the coal miners issued by Judge Anderson yesterday. Slack was reported as holding that the injunction did not apply outside Indiana.

At Attorney General Palmer's office it was said that such an interpretation is "ridiculous."

Indianapolis, Ind., Nov. 1.—Question of interpretation of the extent of the restraining order issued by Judge A. B. Anderson in federal court to prevent a strike of miners arose today.

United States District Attorney L. Ert Slack who assisted the government in presenting the petition for the restraining order, said:

"Judge Anderson's jurisdiction extended only to the boundaries of the state of Indiana. The restraining order is binding however on the defendants wherever they may be. The idea of the order is to stop the international officers of the miner's union from going through with the strike."

Slack would not say whether or not he believed the restraining order was binding on local union officials in other states. That is a question that probably would have to be settled by the courts, he indicated.

Government agents here today admitted that their hands were tied until November 8, as far as further court action interfering with the stand of bituminous coal miners is concerned.

With the strike an actuality, it was said no further steps can be taken by the government here compelling miners to return to work until next Saturday, when Federal Judge A. B. Anderson will hear arguments on the issuance of a temporary injunction.

Included in the government appeal for an injunction is the request that the officials of the United Mine Workers of America be compelled to withdraw their strike order.

PRACTICALLY ALL IN INDIANA FIELD OUT

Whistles Blew For Miners to go to Work This Morning, But Very Few Respond

NO FEAR OF COURT'S ORDER

(By United Press.)

Terre Haute, Ind., Nov. 1.—Practically all coal miners in district No. 11, which covers the Indiana field, were on strike today, according to reports reaching the union headquarters here.

This morning whistles blew for the men to go to work but few responded.

There seemed to be little fear of the restraining order issued by Judge Anderson yesterday.

"It is only fanning the flames," said Robert Leigh, board member of sub district No. 11.

OCT. BUSY TIME FOR DAN

Twenty-Three Marriage Licenses Issued—Many Licenses to Hunt

Dan Cupid picked the month of October as his busy time and the arrow was shot for twenty-three marriage licenses. In no month previous for a long time has so many marriage licenses been obtained and the county clerk was kept busy with his records. Last Saturday was the banner day of the month, when four licenses were issued.

October also showed up big for hunting licenses as there were 39 issued during this month, a number which is also unsurpassed for several years, for the month of October.

ALL COMMITTEES TO MEET MONDAY NIGHT

Will Report Progress Made on Armistice Day Arrangements at General Session

CHAIRMAN URGED TO ATTEND

All of the committees appointed to make arrangements for the celebration of Armistice Day here a week from next Tuesday, November 11, will hold a general meeting in the court house assembly room next Monday night at 7 o'clock to report on the progress which they have made. It is desired that every committee be represented and that as many as possible of the township chairman and township trustees, who have been asked to co-operate be present.

Colonel Robert Tyndall, commander of the 150th field artillery in the famous Rainbow division, has consented to speak on the afternoon of Armistice day, and a marine drill squad will also be here to give an exhibition. Capt. Dumbek of the Marines, who was in France in active service, will be here. Another speaker may be obtained for the day.

The question of dismissing the schools Armistice Day will be brought before the county board of education at its regular monthly meeting Monday afternoon. It is hoped that all the schools may be closed so that the children may take part.

BECOMES CITY OF THE FOURTH CLASS

Rushville Automatically Moves up a Notch by Increased Valuations of Property.

RULING BY ATT'Y GENERAL

Salaries of Officers Successful at Next Election Will be Increased—Other Changes.

Rushville will become a city of the fourth class without any action on the part of the city council, when a certificate of its amount of taxable property is filed with the city clerk, under the terms of an opinion on the state law received here from Attorney General Stansbury. The opinion was rendered at the request of Jesse Eschbach, chief of the state board of accounts.

Rushville automatically moved from the fifth to the fourth class because under the new state tax law taxable property has been raised in appraised value above \$7,000,000 above which mark all cities belong in the fifth class.

The advance in class increases the maximum salaries which may be paid city officers and makes it optional with the city council, whether there shall be a city judge, board of works and metropolitan police force.

None of the salaries of incumbents can be increased during their term of office, according to the law, though Rushville becomes a fourth class city at once.

Whereas the salaries of city councilmen are now limited to \$100 a year, which sum they draw, their salaries may be raised any sum up to \$150, if the councilmen choose, after the next election, providing the law is not changed.

If the present law continues in full force and effect, the next mayor of Rushville will receive \$2,000 a year, \$500 of which shall come from the earnings of the city water and light plant. The mayor now receives only \$600 a year. The mayor may appoint a board of public works, consisting of three members, the salary of each member of which shall not exceed \$600, but may be increased by ordinance to \$1,200 a year. The appointment of a board of works is not compulsory in fourth class cities.

A fourth class city also may elect a city judge to preside over police court, if one is desired. In the event that the people do not want a city judge, the duties of such an official may be evolved on the mayor, providing an ordinance to that effect is passed.

INCREASES PRICE OF GAS

Rushville Company Announces Advance to 60 Cents a Thousand

The Rushville Natural Gas company has announced an increase in rates, effective December 1. After that date gas from this company will cost 60 cents a thousand feet and there will be a minimum charge of \$1 a month. The present rate is forty cents a thousand feet. All customers moving into rental property are required to pay in advance \$5, which is estimated to be equal to one month's bill. This company is operating under a city franchise which does not restrict the price charged.

PROVIDES METHOD FOR REASSESSMENT

State Tax Board Sends Blanks on Which Individuals May Make Complaints.

MUST GIVE INTANGIBLES

The state board of tax commissioners has adopted a rule providing a remedy for taxpayers who believe their property was assessed too high, according to an announcement received by county officials, together with blanks which may be used in making a complaint to the state board for a rehearing on individual assessments. The blanks are in possession of Earl Priest, county assessor.

The rule states that "the state board of tax commissioners will review and reassess the property of any taxpayer who feels himself aggrieved on account of the assessment of his property, by the local assessment board, or the state board of tax commissioners."

Taxpayers feeling that they are entitled to a reassessment should file an application, using the blank form prepared by the state board, which can be secured from the county assessor or from the state commission direct. The board will remain in session until December 6th and taxpayers desiring to avail themselves of the right should file their applications before that time.

In applying for reassessment, the taxpayer has to swear to his holdings, including intangible property which he may not have given to the assessor.

ELLERMAN CAPTURED AT SHELBYVILLE TODAY

Sheriff Jones Notified This Afternoon That Escaped Thief Had Been Caught

NO DETAILS OF CAPTURE

Victor Ellerman, confessed thief, who escaped from Sheriff Jones in the darkness at the I. & C. traction station Friday morning, when the sheriff was starting on the journey to the state prison at Michigan City with him, was captured at Shelbyville, according to word received by Sheriff Jones about the middle of the afternoon. No details regarding his capture was received. Sheriff Jones left at once in his machine to bring Ellerman back to the jail here.

The sheriff was confident of catching Ellerman, knowing that he had no money when he left and that he would have to appear some place in order to get something to eat. The sheriff said before being notified of Ellerman's capture, that he had trace of the prisoner but refused to divulge where he had been seen. The authorities all over the state were notified to be on the lookout for him.

CONFERENCE OF DISTRICT HERE

Evangelistic Meeting of Methodist Churches of Five Counties Monday and Tuesday

100 DELEGATES TO ATTEND

Minutes of Conference, Show Connorsville District Only One Not to Lose in Membership

An evangelistic conference of the Connorsville district of the Methodist church will be held at St. Paul's church here Monday and Tuesday, and approximately one hundred delegates will be in attendance, including all the ministers in the district and one layman from each congregation.

There are sixty churches and thirty-three pastors in the district, many of the pastors having a circuit of four churches. The individual churches and not the circuits will each be represented by a lay delegate.

The principal address of the conference will be given at an inspirational meeting Monday night when Dr. George Wood Anderson of Wilkesbarre, Pa., a representative of the church commission on evangelism and one of the outstanding ministers of the Methodist church, will speak. All of the sessions are open to the general public, but a special invitation is issued to the Monday evening meeting.

Dr. J. M. Walker, district superintendent, will preside at all of the meetings, which will begin Monday morning at 9 o'clock and continue until 4:30 o'clock Tuesday afternoon. The district is composed of Shelby, Fayette, Union, Franklin and Rush counties. The delegates will be entertained in Rushville homes over night and for breakfast, and noon and evening meals will be served at the church.

After the district conference, the evangelistic program and message is to be carried to every church in the district by means of teams of pastors who have been appointed, with a leader for each group. The Rev. C. S. Black of St. Paul's church is chairman of the group composed of Rushville, Arlington, Carthage, Pleasant.

ONLY TOWN ELECTION WILL BE AT GLENWOOD

Trustee and Clerk-Treasurer Will be Chosen Without Opposition Next Tuesday

CARTHAGE WILL NOT VOTE

The only town election in Rush county set for next Tuesday by the state law, will take place at Glenwood. Carthage the only other incorporated town in Rush county, will not hold an election but the incumbents will remain in office for another term of two years.

There will be no contests in the Glenwood election, which will be a perfunctory affair, with the probability that very few votes will be cast. There will be only one ticket, that of the Peoples party, and there will be only two candidates on the ballot. Earl Ruff is a candidate for trustee in the first ward and Earl Young for the office of clerk will succeed Frank Stamm.

ceeded Lew Matney and Mr. Young will succeed Farnk Stamm.

The clerk and treasurer and one trustee is elected every two years. Two trustees are elected every four years and in every other election the trustee receiving the smallest number of votes holds office for only two years. M. H. Fielding is the present trustee in the second ward and G. S. Little in the third ward.

NORMAL TEACHER NAMED

Mrs. E. E. Olcott Elected President of State Teachers

Indianapolis, Ind., Nov. 1.—Mrs. E. E. Olcott, of North Vernon, a member of the faculty of the Central Normal School at Danville, today was elected president of the Indiana State Teachers' Association. Miss Kate Anderson, of Seymour, was elected recording secretary, and C. V. Haworth, of Kokomo, secretary-treasurer. Members of the Young Peoples' Reading Circle board were chosen as follows: James Wilkinson, Goshen, to serve three years; Miss Gail Caberton, Ft. Wayne, three years; W. A. Denny, Anderson, two years, and E. N. Haskins, Vincennes, two years.

SCOPE OF INJUNCTION IS NOW QUESTIONED

Continued from Page One
der. It is on this point that government attorneys here today based their claims of preventing a national disaster.

They believed if the strike order is withdrawn the men will return to work.

It is on this point chiefly that attorneys for the miners will fight the injunction.

They will contend that an injunction can merely restrain future action, in compelling that past orders be rescinded.

Miners today decide to fight the government to a finish on the legal battlefield. They have leading attorneys of the country on their permanent staff.

Henry Warum, their chief counsel, will direct the miners' case. Judge Alton B. Barker of New York is also on the miners' staff and may come here. Warum has full authority to call in any further counsel he believes necessary.

Several leading attorneys in every state in which the miners are organized are retained by the district organizations and Warum may summon many of these to assist him.

Absolutely no statements were issued from the mine headquarters today. Officials even suggested that by talking about the strike they might be violating the injunction.

Acting president, John L. Lewis, was at his office early. He found his desk piled high with telegrams. He was greatly interested in reading bulletins furnished him by the United Press telling of thousands of coal miners throughout the country answering the strike call.

The international executive board of the United Mine Workers of America, which was convened at headquarters in Indianapolis Wednesday adjourned Friday evening, and most of the members left for their homes. No date was set for the next meeting, which will be held on call.

"Why should we stay in session longer?" asked one of the members. "There is nothing for us to do."

He had reference to the temporary restraining order issued by Judge Anderson, of federal court, to prevent the executive board members and other union officers from encouraging or promoting a strike in any way.

He predicted that the coal miners will continue the strike effectively without the advice or counsel of the leaders.

Henry Warum, attorney for the United Mine Workers, was in conference Friday evening with John L. Lewis, acting president. They were discussing the defenses against the federal government's suit in federal court.

Before the restraining order was served one of the members of the executive board, when told that the order would prevent the officers of the union from sending communications to the local unions, said with a smile:

"They will need us to call the strike off."

ALL MILITIA WITHDRAWN.

Indianapolis, Nov. 1.—Harry B. Smith, adjutant-general of Indiana, today submitted to Governor James P. Goodrich an official report on the work of the state militia in the Calumet strike region, from which the last of the state troops were withdrawn today. General Smith returned to his State house headquarters last night.

The Double Standard

In its nation-wide campaign to free the land from the menace of venereal disease, the Indiana State Board of Health, cooperating with the United States Public Health Service, has laid particular stress on the suppression of prostitution and the detention of women found to be infected, so as to remove the danger of their re-infecting the country.

It was perhaps inevitable that sooner or later as people gathered courage enough to discuss publicly the venereal disease menace, there should arise the question as to why the attack should be levelled against the venereally diseased women. Why not the men?

The answer lies in the fact that the word "prostitute" is being interpreted to mean both men and women. In a few places where the law is as yet interpreted as applying to women only, definite action is being taken to secure amendments to present laws as early as possible.

This is, of course, only justice. We must recognize the given fact that there can not be a female prostitute without, at the same time, a male committing prostitution.

Most of the states that have established clinics for the free treatment of venereal diseases are careful to make no distinction between men and women. In their statistical reports the cases—men and women and, unfortunately, children also—are listed simply as "persons".

It must be recognized that in its campaign against venereal disease the Health Board is moved by no sentimental considerations. The campaign is sanitary and scientific primarily, and to other agencies belongs the task of whatever moral correction is necessary to free civilian communities from vice.

While professional prostitution is undoubtedly the greatest source of venereal diseases, it is undeniable that even those unfortunate women could not so spread their diseases as to make them a menace to the country without the active, though selfish, cooperation of men.

So, while the Board of Health is—

It's a good thing that our thoughts cannot be seen.

Life has no bitterness in it if we take it for what it is.

There is just one trouble between capital and labor—greed.

Tankage capacity is of little use since the country went dry.

The dollar is suffering from fatty degeneration of buying power.

Hez Heck says: "Full dress is so called because most men get full when so attired."

sues its warnings to civil communities to guard themselves against the evil of professional prostitutes, it, too, knowing full well how the venereal diseases are spread, may echo the cry for justice: "Why not the men?"

This city is being called upon to enforce an ordinance requiring that all carriers of venereal disease germs be reported to the health officials for quarantine. Now is the time for all good people to join in a worthy effort to convince the city council of the wisdom of prompt action on the subject.

Using The Surplus.

One of the important activities of business of farming is in feeding live stock for the market. But equally important for the present day farmer is the feeding and fattening of his surplus. For like every successful business man, the successful farmer carries a surplus outside his business.

The farmer has found it profitable to buy live stock in poor condition at low prices, feed and fatten and prepare it for the market. He would not consider shipping stockers and feeders to live stock centers on a break in the price. The same reasoning applies equally to his surplus.

For the dollar today is a lean and cheap dollar. The wastage of war excess of demand over production and extravagance following the strain of war have forced down the market value of the dollar. The dollar is only worth about half as much as it was in 1914, as has been the case after every great war, prices are up now and the purchasing power of the dollar is low, but as that situation reversed itself in the past so in the next few years with increased production prices are bound to recede and the value of the dollar to increase, according to experts.

An old Ohio account book dated 1865 shows consumers then were paying 25 cents a pound for sugar, \$2 a pound for tea, and 12 cents a pound for rice. After the Revolutionary War Martha Washington paid \$3 a pound for sugar.

For the farmer to market the dollars of his surplus now is as unprofitable as selling gaudy and scrawny range steers on a falling market with his barns and silos full of feed. For he can fatten his dollars on the interest of safe investment until their market value return to normal.

It's quite aristocratic to take your tea and coffee straight now, you know. Only the vulgar minded seek to cut a dash with a lump or two of sugar.

It is quite right and proper to love your neighbor as you love yourself, but don't talk in your sleep if she is young and handsome.

Catarrh Specialist Coming to Rushville

WILL GIVE FREE EXAMINATION AND ADVICE

Medical Director of Indiana Catarrh Institute to Give Talk on Catarrh and Tuberculosis.

Chronic catarrh of the nose, throat and lungs is so prevalent and is so often the forerunner of fatal diseases like tuberculosis, influenza, asthma, hay fever and others that the Indiana Catarrh Institute, permanently located at 1436 North Illinois street, Indianapolis, Ind., is sending their medical director to a few points in Indiana to examine and advise sufferers from this disease on how to prevent or cure it.

His examination, consultation and advice is free. He invites everyone who is afflicted with chronic catarrh of the nose, throat of lungs, chronic cough and bronchitis, dropping mucus in the throat, pains in the chest, shortness of breath, clogged up head and nostrils, head noise, catarrhal deafness, hawking and spitting, or any chronic catarrhal conditions, to be examined and get his advice without charge or obligation. He will be glad to talk with you, giving you the benefit of his skill and experience freely.

Beware of tuberculosis and other fatal conditions by taking treatment in time.

The specialist will be at the Hotel Seaman, Wednesday, Nov. 5th, from 9 a. m. to 8 p. m., one day only, and will examine all who call to see him.

For further information either call in person or write the Indiana Catarrh Institute, 1436 N. Illinois St., Indianapolis, Ind.

Should Adopt Resolution
(New York Times)

Senator Watson's resolution for an investigation into the alleged Bolshevik proclivities of employees of the Federal Trade Commission should be adopted, but the matter should not stop there. There is more than one department in the government in which radical doctrines find their advocates, though, if Mr. Watson's information is correct, the Federal Trade Commission has surpassed the others. Men whom he names have denied his charges with proper indignation; the whole matter should be fully investigated.

The meat of the matter is to be found in one clause of the preamble to Senator Watson's resolution: "If Bolshevism, with all that it implies, is to be met and overcome in this country, it must be done by first ousting all its adherents and advocates from public office." It is amazing that agencies of the government should be used for the purpose of overthrowing the government.

The question arises how and by whose authority these agitators are introduced into the government service. If it were confined to one bureau or department the thing might be laid to the individual idiosyncrasy of some local chief or commissioner. But there have been many Socialist and radical agitators in the service of the government at Washington and abroad. How do they get there? Who is responsible? If in the anarchic days that followed the revolution the government service had been full of sympathizers with Shays and the whisky rebellion, everybody in the country would have known whom to blame. The nation is bigger and more complicated. Perhaps the responsibility is widely distributed, or it may rest with a few men. In either case the Congress of the United States should find out who is responsible for such appointments.

HUDSON WILL RECOVER

Oliver Hudson, who was accidentally shot in the left leg Tuesday night and was removed to the Connersville hospital for an operation, will recover, according to word received today. Mrs. W. H. Hudson, his mother, says that Hudson was not carrying the revolver when the accident happened, but that it was lying on the seat beside him.

The Bull Dog

Cylinder

This is another Litchfield creation which has caused no small disturbance in the ranks of its competitors. This is used on the "Rushville Special" Spreader.

This is called Bull-Dog because of the determined and thorough method of taking hold of the load and tearing it to pieces. The high carbon steel teeth are double headed in the steel bars, with diamond points toward the work. The teeth are of two lengths. The long teeth first penetrate the load and the shorter teeth follow, clearing and cleaning so as to avoid packing or unnecessary friction—just like a cross-cut saw.

This Bull-Dog Cylinder hangs far enough below the spreader bottom so that the upward stroke lifts and carries away the material without DRIVING IT BACK into the body of the machine. As the load is moved by the saw-tooth conveyor, this beater wheel thoroughly tears and distributes without packing, bunching or clogging. There is no "wallowing" in the load with this beater wheel—therefore, no unnecessary draft.

The Bull-Dog, combined with our No-Choke Box, of which I will tell you later, reduces the draft from 15% to 30% over the old-fashioned kind as used by our competitors. This not only makes the draft light on the horses, but reduces the wear and tear of the machine and makes possible our Five Year Guarantee.

Your land needs it now. Don't take a chance by waiting. There is nothing gained by delay, but much may be lost. BUY IT NOW.

SHOWS BENEFITS IN ARMY TRAINING

Gen. Pershing Declares in Favor of
Universal Military Training
Before Committee

WHAT IT SHOULD INCLUDE

Says it Would Develop Vigor and
Manhood, Mentality and Re-
spect For Authority

(By United Press.)

Washington, Nov. 1.—Gen. Pershing has declared for universal military training.

"Universal training brings many benefits and such benefits should be universally extended to all of our young men," he said.

Pershing appeared before a joint meeting of the house and senate military affairs committee to outline his views on the present military policy of the United States.

The program, Gen. Pershing declared, should include. One, a permanent military establishment large enough to provide against sudden attacks. Two, a small force sufficient for expeditionary purposes, particularly on the American continent. Three, forces sufficient to cope with any internal disturbances. Four, a trained citizen reserve organized to meet the emergency of war. Five, a standing army of 275,000 to 300,000 is ample for the peace time needs of the United States, Pershing declared.

Outlining the benefits which he declared he believed would result from adoption of universal military training, Pershing included:

First, development of physical vigor and manhood, development of mentality, decrease of illiteracy, teaching of discipline and respect for authority, development of initiative and better preparation for the duties of citizenship. This last benefit, Pershing said, is especially needed among aliens in America.

If America had not been unprepared, our rights would not have been violated, Pershing said, and added that the country's success in the war was due to the united determination of the people rather than any forethought in preparedness.

AMUSEMENTS

From Elinor's Glyn's Novel

Catherine Calvert, the popular screen star whose exceptional work in "Fires of Faith," the Paramount picture which scored so heavily at the Harris Theatre, New York, is the star in the Paramount-Artcraft Special, an adaptation of Elinor Glyn's famous novel "The Career of Katherine Bush," which will be displayed at the Princess theatre next. She is an ideal heroine in this powerful picture.

"The Career of Katherine Bush," is known to millions of readers, the sale of the novel having exceeded one million one hundred thousand copies. Miss Calvert's adaptability to portray the title role of this subject, plus her great success as a motion-picture artist, it is felt that her selection was most judicious. Miss Calvert has a wide following among the motion picture patrons and she has been nationally exploited to a degree paralleled by few screen favorites.

Tom Moore is at the Princess today in "Just For Tonight" and Charles Murray in a comedy, "The Dentist."

New-Day Milk

Double-Rich—Germless—Economical

We bring you milk now in the new-day way, and the highest grade of milk. It comes from high-bred cows, from sanitary dairies. It is guarded at every turn. It comes to you as a cream. For drinking or for cooking you reduce it as you wish. It is utterly germ-free.

No Shortage—No Waste

Milk of this grade, under our plan, costs you less than bottled milk.

There are small cans and large cans. You open little or much as you want it, and you save all waste.

It supplies you both milk and cream—both of a super-grade. And you never need to guess on your wants.

Supreme Quality

This Van Camp Milk comes from high-bred cows. They are kept in sanitary dairies and are regularly inspected.

Close to each dairy we have a model condenser. There the fresh milk is placed in a vacuum. Then we apply a low heat until

half of the water evaporates. This for economy in shipping.

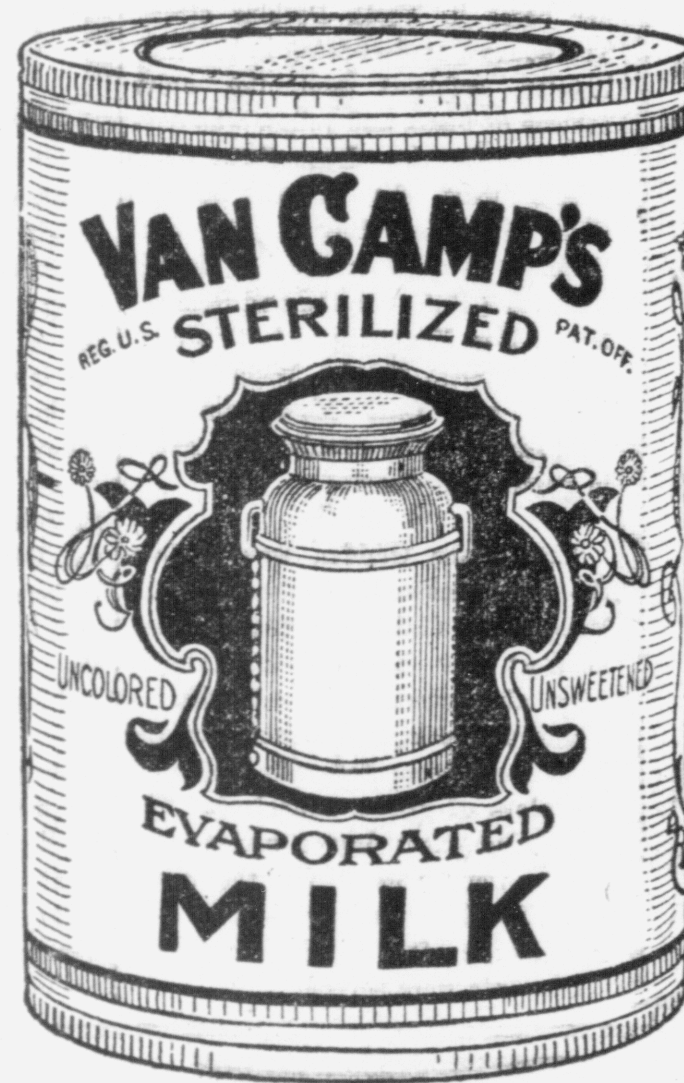

The milk thus becomes as thick as thick cream. It is then sealed, then sterilized.

Use it as it comes for your coffee. Dilute it somewhat for your cereals. Add an equal part water—the water we evaporate—and you have a rich milk for drinking or for cooking.

You are never forced to skimmed milk, even for cooking. You always have the full butter fat.

We have spent 20 years in perfecting facilities to bring you such milk as this. Until you get it you are missing the finest milk produced.

THE MAJORITY OF PEOPLE

just use bread as a filler. They do not eat bread that is made of poor flour because they like it, for as a matter of fact there is nothing to like. They do not dislike it, as it has no positive taste. Why not have bread that you will like, bread that tastes good, feels good and looks good—the kind that you really want—the kind you stick to when you are started.

DISCOURAGES ATTENDANCE

Boston, Nov. 1.—High carfares are discouraging church attendance is the opinion of prominent ministers here, who advocate a five-cent fare on Sunday. The present fare in Boston is 10 cents. The Rev. George R. Stair, D. D., a Baptist pastor advocated a system similar to the plan now in effect by which students pay a five-cent fare.

FLOODS DAMAGE CROPS

Shoals, Ind., Oct. 31.—Damage done by recent floods in Martin county is probably as great as that of any other high water period in the history of this part of the state, according to late estimates.

The Woman's Council will meet in the Callahan Store in East Second street Monday evening at 7:30 o'clock.

The Missionary Circle of the Main Street Christian church will be entertained by Miss Elizabeth Gronier at her home in North Main street, Monday evening.

Miss Dorothy Whitaker of North Arthur street entertained a number of her girl friends last evening with a Halloween party. The rooms were decorated with pink and white chrysanthemums. The out-of-town guests present for the occasion were Miss Mary Baldrige of Arlington, and the Misses Mary Ricketts and Lois Wiley of Milroy. Light refreshments were served at the close of the evening.

Miss Myrtle May Jones, niece of Charles Kennedy, of near New Salem, and Harley Spacey, also of this county, were united in marriage Tuesday afternoon at the home of the bride's uncle near New Salem. Mr. and Mrs. Spacey will make their home with the bridegroom's parents at present.

The Monday Circle will meet Monday afternoon at the home of Mrs. Vern Norris in West Second street. At this meeting Mrs. C. H. Gilbert will read a paper on the music and painting of Modern Belgium and France and Mrs. Payne will give a talk on Modern Belgium's and France's Sculpture and Architecture.

Mr. and Mrs. Albert Updike entertained the members of the Les Demoselles Societe Thursday evening at their country home west of the city with a Halloween party. The home was beautifully decorated for the occasion with flowers and Halloween emblems. After spending the evening socially with music, refreshments were served by the hostess.

Miss Sylvia Lakin was hostess for a delightful Halloween party and pitch-in supper last evening at her home in North Perkins street. The house was decorated in the Halloween emblems and the color scheme of black and yellow was carried out in the decorations. The guests were the Misses Mildred Kirk, Frances Dugan, Margaret Cooning, Mary Ellen Hughes, Sylvia Lakin and Ruth Smythe and Richard Imley, Rex Krammes of this city, and Lawrence Sparks, William Biddinger and Carl McWilliams of Greensburg. The evening was spent in games and dancing.

Mrs. Amos Ghadden was hostess for the members of the Sunshine Embroidery Club yesterday afternoon at her home near Raleigh, when she entertained them with a Halloween party. The rooms of the home were decorated with Halloween colors of yellow and black. The day being guest day, a number of guests were present for the meeting. The hours were enjoyed over needlework after which dainty refreshments were served.

Mauzy's

Fur Opening

The Mauzy Co. has the pleasure of announcing that MR. L. D. HOLLAND of THE ANNIS FUR CO. will give an extensive exposition and sale of High Class Furs

Monday, November 3

The grace and poise and distinguishing beauty of Fur is not alone the effect it produces upon the admirer's eye, but more truly the effect it produces upon the owner's consciousness. If lady is sure of her Fur—its character—its author, then her pride and pleasure are reliably reflected. But unless she is sure of those things there may be a lack of that fullness of pride or joy or satisfaction that comes from the possession of real Furs. The "mediocre" and "inferior" are two impossible terms in the category of furs—for 'tis quite often that the zeal of supply outstrips the zeal for service—so one cannot be too careful. It is in this direct connection that Mauzy's and Annis' Furs are firmly emphasized.

It is not too soon to suggest the wisdom of selecting Mauzy's Furs now to be set aside for the Christmas Gift. The exact piece you select will be the one reserved for you.

The Fur you choose will be delivered to you at once.

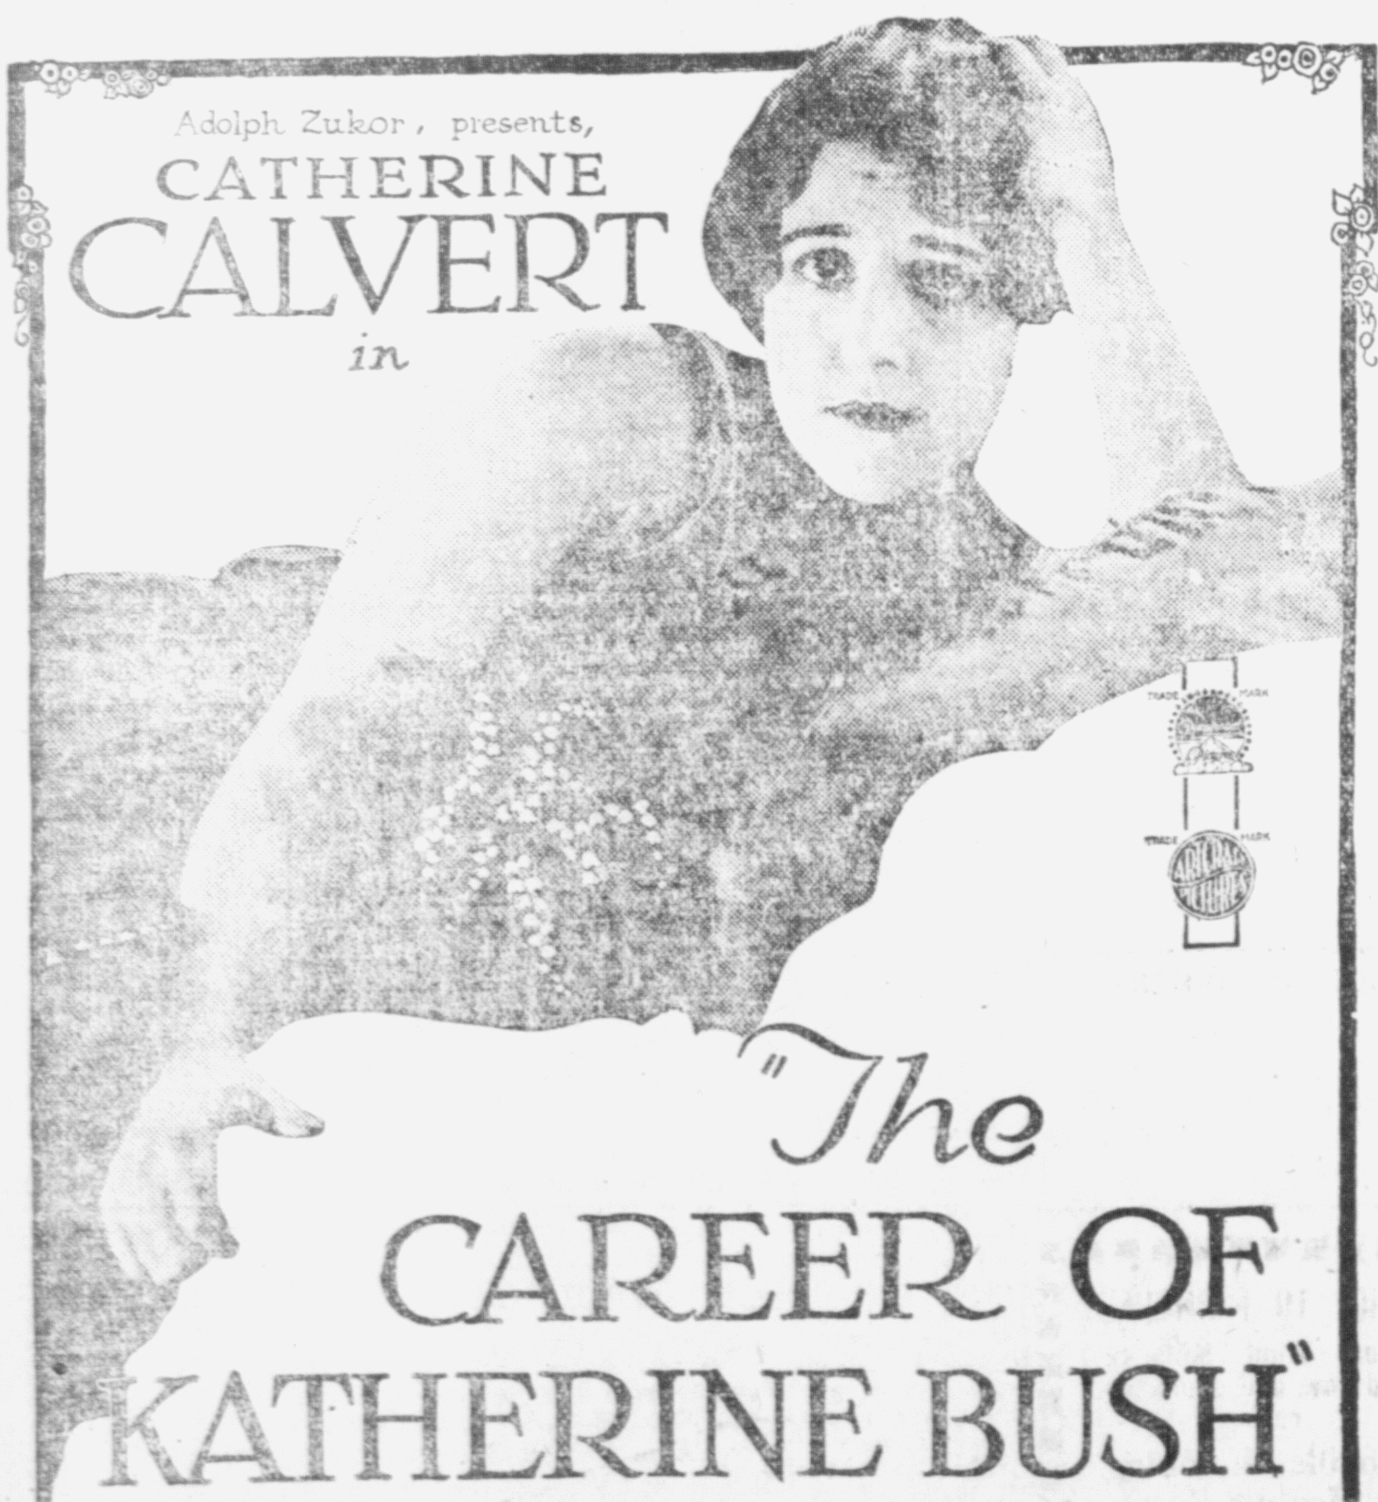

The Mauzy Co.

This exposition will comprise high class coats, coatees, scarfs, stoles, muffs and sets. There will be a wonderful assortment to choose from. Whatever you select will be delivered at once.

Elinor Glynn's amazing history of a woman's soul.

Mr. and Mrs. Cary Jackson were delightfully surprised at their home in North Main street, last evening, when a number of their friends planned a masquerade surprise, honoring the birthday of Mrs. Jackson. A pitch-in supper was enjoyed by the following guests: Mr. and Mrs. Aaron Wellman, Dr. and Mrs. J. T. Paxton, Mrs. Lew Lewis, Mrs. Emma Powell, Mrs. Lide Elliott, Mrs. Florence Elliott, Mrs. C. M. George and two daughters Elnore and Elsie, Mrs. Harry Stricker and Mr. and Mrs. Elmer Caldwell.

Miss Freda Norris was hostess to the members of the Junior class of the Orange high school, Thursday night, when she entertained them with a Halloween party. The rooms were prettily decorated with streamers of orange and black crepe paper.

autumn leaves, and myriads of black cats, witches, bats and jack-o'-lanterns were used. The guests were entertained with music, contests and dancing. Refreshments were served at a late hour. The invited guests and members of the class present were the Misses Nellie Stevens, Myrtle Bever, Dorothy Davis, Hallie Whicker, Freda Coon, Freda Snyder, Emma Newman, Ruth Davison, Thelma Norris and Irvin Long, Russell Coon, Louden Schronitz, Israel Long, John Creek, Edwin May, Harold Stevens, Virgil Pike, Don Looney, Gilbert May and Alonzo Armstrong.

Miss Hazel Harrold and Aaron Harrold entertained a number of their friends with a masked Halloween party Thursday evening at their beautiful country home west of the city. The spacious rooms were decorated with the color scheme of yellow and black. The guests present for the joyous occasion were the Misses Margaret Bell, Helen Lambert, Florence Lambert, Helen Bebout, Alice Montgomery, Mary Cowger, Mary Louise Darnell, Raeburn Lowe, Eloise Kelley, Bertha Haywood, Exine Dickman and June Lightfoot and Readdle Casady, Russell Bell, Wade Dill, Louis Sample, Doris Darnell, Herman Phillips and Orlestus Grunden and Mr. and Mrs. John Darnell and son Hershell.

The Y. P. C. U. of the United Presbyterian church was delightfully entertained at the home of Mary and Arthur Wilson in North Perkins street last evening. The Halloween colors of yellow and black, pumpkin faces and autumn leaves were used in the decorations. Upon the arrival of the guests they were met at the door by a ghost. After an evening of games and a business session refreshments were served. Forty members were present and three visitors.

Miss Dorothy Rogers entertained six of her little girl friends last evening at a Halloween party, at the home of her parents in West Second street. The guests present were Helen Kirk, Gladys Newman of Glenwood; Elizabeth Trader, Margaret O'Neal, Mary Frances Fitzgerald and Elizabeth Tyner. Refreshments were served at a late hour.

A large crowd attended the antique dance at the Social club last night. Decorations appropriate to the season were used and light refreshments were served during the evening.

Obituaries

In loving remembrance of Daily
Locke who died Nov. 2, 1918, just
one year ago.

Our thoughts do wander
To a grave not far away
Where we laid our dearest loved
one,
Just one year ago today.

When the evening shades are
falling
And we are sitting all alone,
In our hearts there comes a long-
ing
If he only could come home.

As I walk among the living
Scarcely knowing where to tread,
I may laugh with those around me
But my heart is with the dead.

Sadly missed by WIFE and
DAUGHTERS.

DENOUNCES WATSON ATTACK

Sen. Myers Says Commission's Reply
Was "Outrageous"

Washington, Nov. 1—Criticism of
Senator Watson, of Indiana, by the
federal trade commission for intro-
ducing a resolution calling for an
investigation into alleged anarchistic
activities of employees of the com-
mission was denounced in the senate
Thursday by Senator Myers (Dem.
Mont.) He said the commission's at-
tack was "scurrilous" and "outra-
geous" and "entirely out of place
and a violation of all propriety."

Senator Myers said he did not
know whether Socialists were em-
ployed by the commission, but that
he did know they were in other gov-
ernment departments.

Big Lot of
Hay Fever Jokes

But Kentucky Man Says—"People Who
Belong to Hay Fever Colony are
Kidding Themselves."

Wouldn't Be Any Rose or Hay
Fever if Simple Home Rem-
edy Was Given a Chance.

"Yes, there's a real NINETY-NINE
per cent effective remedy for hay
or rose fever," frankly states a drug-
gist in a prosperous Kentucky city.

"But I don't expect anyone to be-
lieve me, because the treatment is so
easy and the cost not worth mention-
ing."

"The annual crop of hay-fever jokes
would be mighty scarce if people
would get an ounce of Mentholized
Aerine and by just adding water that
has been boiled make a pint of liquid
that will prove a real help to all who
suffer."

"Many of my hay-fever friends tell
me that by starting to gargle and
snuff or spray the nostrils a few times
a day the expected severe attack often
fails to appear and in cases where it
does show up is very mild and does
not annoy."

"The Better Class of Pharmacists"
who dispense Mentholized Aerine say
it will greatly modify any attack even
when taken three or four days after
hostilities begin.

Go to a real live druggist when you
get ready to make a pint.

7 A DAY FOR 7 DAYS

If Your Nerves Are Shaky Because of
Over-Indulgence in Tobacco or
Alcohol or by Excess of Any Kind,
Bio-Feren is What You Need
Right Away.

Don't grow old before your time,
don't let nervousness wreck your hap-
piness or chances in life. The man
with strong, steady nerves is full of
vigor, energy, ambition and confidence.
You can have nerves of steel, firm
step, new courage and keep mind by
putting your blood and nerves in first-
class shape with mighty Bio-Feren, a
new discovery, inexpensive and effi-
cient.

Men and women who get up so tired
in the morning that they have to drag
themselves to their daily labor will in
just a few days arise with clear mind,
definite purpose and loads of ambition.

All you have to do is to take two
Bio-Feren tablets after each meal and
one at bedtime—7 a day for 7 days—
then reduce to one after each meal
until all are gone.

Then if your energy and endurance
haven't doubled, if your mind isn't
keener and eyes brighter, if you don't
feel twice as ambitious as before, any
druggist anywhere will return the pur-
chase price—gladly and freely.

Bio-Feren is without doubt the
greatest remedy for nervous, run-
down, weak, anaemic men and women
ever offered and is not at all expen-
sive. All druggists in this city and
vicinity have a supply on hand—sell
many packages.

HEARS OF UNCLE'S DEATH

Mrs. George Nicholson Gets Word of Demise of John Collier.

Word has been received here by Mrs. George Nicholson of the death of her uncle, John Collier, at Bristow, Oklahoma, at the age of 61 years. The only survivor is the widow, who was formerly Miss Frances Bodine, of this city. Mr. Collier was born in Cincinnati May 3, 1859, and moved to Bristow twenty-five years ago, where he spent the remainder of his life. Mr. Collier retired from business a few years ago and devoted himself entirely to overseeing the work on his various farming properties near Bristow. The funeral services were held at the Bristow Catholic church and burial took place there.

COUNTY FARMERS MEETING

Court House Assembly Room Crowded to Capacity This Afternoon

The court house assembly room was crowded to capacity this afternoon at two-thirty when the first meeting of the directors of the Rush county Farmers' Association was held. Farmers from every nook and corner of the county were here, and each township had their director here to represent them. This was the first meeting of the organized body, since being accepted as a unit in the state organization. The principal address was delivered by Lewis Taylor, secretary of the State Federation of Farmers' associations who was here today to meet with the local farmers.

CONFERENCE OF DISTRICT HERE

Continued from Page One

sant Ridge, Fountaintown, New Palestine, and Morristown. The pastors of these church compose the team which will spread the word from the district conference to the churches. The minutes of the Indiana conference of the Methodist Episcopal church which appeared this week, show some interesting facts about the work of the churches and districts.

The Connersville district was the only district in the Indiana conference which did not lose in membership this last year, just holding its own at 12,486. The Indianapolis and Seymour districts were the only ones of the eight which gained in Sunday school enrollment. The Connersville district lost 530 in Sunday school enrollment. The loss in Sunday schools was probably due to the prevalence of influenza, it is stated. In Sunday schools however was the only loss experienced by this district in matters reported in the minutes. The total Sunday school enrollment is now 10,582.

The gain in ministerial support was \$3,116 in baptisms 99, in full members received 189, in value of buildings \$22,400. The deaths too were the largest in number for years, although not as large as might have been expected from the prevalence of epidemic.

In benevolences however was the outstanding gain. The gain in disciplinary benevolences was \$55,109, making a total of nearly four times what it was last year. This is the largest total in the Indiana conference and the largest amount that has ever been contributed by any district in the conference. The grand total as reported in the treasurer's report, not including pastor's support, is \$138,009. This report is the more remarkable since the Connersville district has the smallest number of churches of any district in the conference except the Greensburg district.

The largest payment of Centenary subscriptions that was made this year was \$6,320 by St. Paul's church at Rushville; the next largest was by First church, Connersville, \$5,892; the third largest by Milroy, \$4,732. First church, Shelbyville came fourth with \$3,572. The largest payment to the total disciplinary benevolences was by First church, Connersville, \$6,904; the second largest by St. Paul's Rushville, \$6,383; the third again by Milroy, and the fourth by First church, Shelbyville.

The goal of the church this year is more significant than ever before, namely the winning of one million souls to Christ.

No Matter How Obstinate or How Contracted — Cured

When I say I can cure you, you can depend upon it, for I know from the successful results in thousands of similar cases to yours, just what I can accomplish. Grateful patients treated by me are constantly recommending others, and this is why I possess such a large practice.

Men! Women! If you do less than you should, on your farm, at your desk, or in your shop, you are in some way weak. If you can't accomplish all that you expect or hope for, you are the silent sufferer from some hidden disease that affects one or more of the important nerve centers of the body. These neglected or unknown conditions, are usually diseases of the Pelvic System, which reflexly act upon the organs of Elimination, digestion and the nervous system, which in turn has its influence on the brain. I have made a special study of the Nervous System and have perfected methods that will cure where ordinary methods have failed. I will give you a searching and thorough examination FREE, thus determining the exact location of your trouble.

BEAR IN MIND that I have in Indianapolis one of the most modern and thoroughly equipped offices in the state with a Specialist in charge who is ripe in years of experience, rich and mature in learning in his chosen work. That neither one of us will promise you more than we can give, and should you be unable to see me on date specified above, you can write, or better still, call at my home office, 314 Traction Terminal Building, Indianapolis.

I do not use the knife, neither do I do any cutting.

UNION LEADERS CLAIM NEARLY 400,000 MINERS ARE ON STRIKE

FEDERAL TROOPS ARE CALLED

Districts But Services Are Not
Required up to Noon.

(By United Press.)

Union leaders claimed today that nearly 400,000 or two-thirds of the bituminous coal miners in the country had responded to the strike call, effective last midnight.

This figure represents practically the entire union membership. The operators generally made no estimate of the number of miners out in their respective districts. In the few instances where they did make an estimate, it was much lower than the union claimed, though in one or two cases the rival estimates agreed. Although officials of the United Mine Workers were technically restricted from directing the strike by a restraining order issued yesterday in the Indianapolis federal court, the miners apparently were "sufficiently instructed" to initiate a strike without further orders today. Federal troops were scattered throughout the principal mining districts but their services had not been required to suppress any disorders up to noon.

The latest step in government coal distribution was the appointment by rail Director Hines of committees to take charge of this work in the eight regional railway districts with headquarters in New York, Boston, Philadelphia, Atlanta, Pittsburgh, Cleveland, Chicago and St. Louis. Bituminous coal miners, defying the government's injunction went on strike, early today. Early reports based on claims of union officials indicated the response to the strike order had been general in some districts.

Federal troops were mobilized at strategic points ready to act immediately in case of any disorders. The unions claimed that 100,000 miners walked out in the Pittsburgh and Clearfield districts of western Pennsylvania. Operators countered.

HALLOWE'EN QUIETLY CELEBRATED HERE

Police Say That It Was Most Orderly
Crowd in the History of
Rushville.

EXTRA POLICE EMPLOYED

Hallowe'en night passed very quietly in Rushville and very little disturbance was noted. The number of masqueraders and people on the streets was not as large as in previous years, and the crowd in general were very orderly. Those who were masked did not include children alone, as many of the "grown-ups" also took part. Aside from a dance at the Social Club, there was no other event to attract the masqueraders.

Policeman Newhouse remarked this morning that he had been on duty for four Hallowe'ens, and that last night was the quietest on record. There were no special police on duty, but it was reported that there was a guard at the home of Mayor A. B. Irvin, who feared damage to his property.

Scope Of The Injunction is Questioned

District Attorney Says Judge Anderson's Jurisdiction Does Not Extend Out of State, But is Binding on Defendants Wherever They Are

MINERS TO FIGHT IN COURT

(By United Press.)

Washington, Nov. 1.—Department of Justice officials here today disagreed emphatically with the interpretation L. Ert Slack, United States district attorney at Indianapolis, placed upon the injunction against the coal miners issued by Judge Anderson yesterday. Slack was reported as holding that the injunction did not apply outside Indiana.

At Attorney General Palmer's office it was said that such an interpretation is "ridiculous."

Indianapolis, Ind., Nov. 1.—Question of interpretation of the extent of the restraining order issued by Judge A. B. Anderson in federal court to prevent a strike of miners arose today.

United States District Attorney L. Ert Slack who assisted the government in presenting the petition for the restraining order, said:

"Judge Anderson's jurisdiction extended only to the boundaries of the state of Indiana. The restraining order is binding however on the defendants wherever they may be. The idea of the order is to stop the international officers of the miner's union from going through with the strike."

Slack would not say whether or not he believed the restraining order was binding on local union officials in other states. That is a question that probably would have to be settled by the courts, he indicated.

Government agents here today admitted that their hands were tied until November 8, as far as further court action interfering with the stand of bituminous coal miners is concerned.

With the strike an actuality, it was said no further steps can be taken by the government here compelling miners to return to work until next Saturday, when Federal Judge A. B. Anderson will hear arguments on the issuance of a temporary injunction.

Included in the government appeal for an injunction is the request that the officials of the United Mine Workers of America be compelled to withdraw their strike or.

PRACTICALLY ALL IN INDIANA FIELD OUT

Whistles Blew For Miners to go to
Work This Morning, But Very
Few Responded

NO FEAR OF COURT'S ORDER

(By United Press.)

Terre Haute, Ind., Nov. 1.—Practically all coal miners in district No. 11, which covers the Indiana field, were on strike today, according to reports reaching the union headquarters here.

This morning whistles blew for the men to go to work but few responded.

There seemed to be little fear of the restraining order issued by Judge Anderson yesterday.

"It is only fanning the flames," said Robert Leigh, board member of sub district No. 11.

OCT. BUSY TIME FOR DAN

Twenty-Three Marriage Licenses
Issued—Many Licenses to Hunt

Dan Cupid picked the month of October as his busy time and the arrow was shot for twenty-three marriage licenses. In no month previous for a long time has so many marriage licenses been obtained and the county clerk was kept busy with his records. Last Saturday was the banner day of the month, when four licenses were issued.

October also showed up big for hunting licenses as there were 39 issued during this month, a number which is also unsurpassed for several years, for the month of October.

ALL COMMITTEES TO MEET MONDAY NIGHT

Will Report Progress Made on Armistice Day Arrangements at General Session

CHAIRMAN URGED TO ATTEND

All of the committees appointed to make arrangements for the celebration of Armistice Day here a week from next Tuesday, November 11, will hold a general meeting in the court house assembly room next Monday night at 7 o'clock to report on the progress which they have made. It is desired that every committee be represented and that as many as possible of the township chairman and township trustees, who have been asked to co-operate be present.

Colonel Robert Tyndall, commander of the 150th field artillery in the famous Rainbow division, has consented to speak on the afternoon of Armistice day, and a marine drill squad will also be here to give an exhibition. Capt. Danbeck of the Marines, who was in France in active service, will be here. Another speaker may be obtained for the day.

The question of dismissing the schools Armistice Day will be brought before the county board of education at its regular monthly meeting Monday afternoon. It is hoped that all the schools may be closed so that the children may take part.

BECOMES CITY OF THE FOURTH CLASS

Rushville Automatically Moves up a
Notch by Increased Valuations of
Property.

RULING BY ATT'Y GENERAL

Salaries of Officers Successful at
Next Election Will be Increased
—Other Changes.

Rushville will become a city of the fourth class without any action on the part of the city council, when a certificate of its amount of taxable property is filed with the city clerk, under the terms of an opinion on the state law received here from Attorney General Stansbury. The opinion was rendered at the request of Jesse Eschbach, chief of the state board of accounts.

Rushville automatically moved from the fifth to the fourth class because under the new state tax law taxable property has been raised in appraised value above \$7,000,000 above which mark all cities belong in the fifth class.

The advance in class increases the maximum salaries which may be paid city officers and makes it optional with the city council, whether there shall be a city judge, board of works and metropolitan police force.

None of the salaries of incumbents can be increased during their term of office, according to the law, though Rushville becomes a fourth class city at once.

Whereas the salaries of city councilmen are now limited to \$100 a year, which sum they draw, their salaries may be raised any sum up to \$150, if the councilmen choose, after the next election, providing the law is not changed.

If the present law continues in full force and effect, the next mayor of Rushville will receive \$2,000 a year, \$500 of which shall come from the earnings of the city water and light plant. The mayor now receives only \$600 a year. The mayor may appoint a board of public works, consisting of three members, the salary of each member of which shall not exceed \$600, but may be increased by ordinance to \$1,200 a year. The appointment of a board of works is not compulsory in fourth class cities.

A fourth class city also may elect a city judge to preside over police court, if one is desired. In the event that the people do not want a city judge, the duties of such an official may be evolved on the mayor, providing an ordinance to that effect is.

INCREASES PRICE OF GAS

Rushville Company Announces Advance to 60 Cents a Thousand

The Rushville Natural Gas company has announced an increase in rates, effective December 1. After that date gas from this company will cost 60 cents a thousand feet and there will be a minimum charge of \$1 a month. The present rate is forty cents a thousand feet. All customers moving into rental property are required to pay in advance \$5, which is estimated to be equal to one month's bill. This company is operating under a city franchise which does not restrict the price charged.

PROVIDES METHOD FOR REASSESSMENT

State Tax Board Sends Blanks on
Which Individuals May Make
Complaints.

MUST GIVE INTANGIBLES

The state board of tax commissioners has adopted a rule providing a remedy for taxpayers who believe their property was assessed too high, according to an announcement received by county officials, together with blanks which may be used in making a complaint to the state board for a rehearing on individual assessments. The blanks are in possession of Earl Priest, county assessor.

The rule states that "the state board of tax commissioners will review and reassess the property of any taxpayer who feels himself aggrieved on account of the assessment of his property, by the local assessment board, or the state board of tax commissioners."

Taxpayers feeling that they are entitled to a reassessment should file an application, using the blank form prepared by the state board, which can be secured from the county assessor or from the state commission direct. The board will remain in session until December 6th and taxpayers desiring to avail themselves of the right should file their applications before that time.

In applying for reassessment, the taxpayer has to swear to his holdings, including intangible property which he may not have given to the assessor.

ELLERMAN CAPTURED AT SHELBYVILLE TODAY

Sheriff Jones Notified This Afternoon That Escaped Thief
Had Been Caught

NO DETAILS OF CAPTURE

Victor Ellerman, confessed thief, who escaped from Sheriff Jones in the darkness at the I. & C. traction station Friday morning, when the sheriff was starting on the journey to the state prison at Michigan City with him, was captured at Shelbyville, according to word received by Sheriff Jones about the middle of the afternoon. No details regarding his capture were received. Sheriff Jones left at once in his machine to bring Ellerman back to the jail here.

The sheriff was confident of catching Ellerman, knowing that he had no money when he left and that he would have to appear some place in order to get something to eat. The sheriff said before being notified of Ellerman's capture, that he had traced of the prisoner, but refused to divulge where he had been seen. The authorities all over the state were notified to be on the lookout for him.

CONFERENCE OF DISTRICT HERE

Evangelistic Meeting of Methodist
Churches of Five Counties
Monday and Tuesday

100 DELEGATES TO ATTEND

Minutes of Conference, Show
Connersville District Only One Not
to Lose in Membership

An evangelistic conference of the Connersville district of the Methodist church will be held at St. Paul's church here Monday and Tuesday, and approximately one hundred delegates will be in attendance, including all the ministers in the district and one layman from each congregation.

There are sixty churches and thirty-three pastors in the district, many of the pastors having a circuit of four churches. The individual churches and not the circuits will each be represented by a lay delegate.

The principal address of the conference will be given at an inspirational meeting Monday night when Dr. George Wood Anderson of Wilkesbarre, Pa., a representative of the church commission on evangelism and one of the outstanding ministers of the Methodist church, will speak. All of the sessions are open to the general public, but a special invitation is issued to the Monday evening meeting.

Dr. J. M. Walker, district superintendent, will preside at all of the meetings, which will begin Monday morning at 9 o'clock and continue until 4:30 o'clock Tuesday afternoon. The district is composed of Shelby, Fayette, Union, Franklin and Rush counties. The delegates will be entertained in Rushville homes over night and for breakfast, and noon and evening meals will be served at the church.

After the district conference, the evangelistic program and message is to be carried to every church in the district by means of teams of pastors who have been appointed with a leader for each group. The Rev. C. S. Black of St. Paul's church is chairman of the group composed of Rushville, Arlington, Carthage, Pleasant.

ONLY TOWN ELECTION WILL BE AT GLENWOOD

Trustee and Clerk-Treasurer Will be
Chosen Without Opposition
Next Tuesday

CARTHAGE WILL NOT VOTE

The only town election in Rush county set for next Tuesday by the state law, will take place at Glenwood. Carthage the only other incorporated town in Rush county, will not hold an election but the incumbents will remain in office, for another term of two years.

There will be no contests in the Glenwood election, which will be a perfunctory affair, with the probability that very few votes will be cast. There will be only one ticket, that of the Peoples party, and there will be only two candidates on the ballot. Earl Ruff is a candidate for trustee in the first ward and Earl Young for the office of clerk will succeed Frank Stamm.

The clerk and treasurer and one trustee, is elected every two years. Two trustees are elected every four years and in every other election the trustee receiving the smallest number of votes holds office for only two years. M. H. Fielding is the present trustee in the second ward and G. S. Little in the third ward.

NORMAL TEACHER NAMED

Mrs. E. E. Olcott Elected President of State Teachers

Indianapolis, Ind., Nov. 1.—Mrs. E. E. Olcott, of North Vernon, a member of the faculty of the Central Normal School at Danville, today was elected president of the Indiana State Teachers' Association. Miss Kate Anderson, of Seymour, was elected recording secretary, and C. V. Haworth, of Kokomo, secretary-treasurer. Members of the Young Peoples' Reading Circle board were chosen as follows: James Wilkinson, Goshen, to serve three years; Miss Gail Caberton, Ft. Wayne, three years; W. A. Denny, Anderson, two years; and E. N. Haskins, Vincennes, two years.

SCOPE OF INJUNCTION IS NOW QUESTIONED

Continued from Page One
der. It is on this point that government attorneys here today based their claims of preventing a national disaster.

They believed if the strike order is withdrawn the men will return to work.

It is on this point chiefly that attorneys for the miners will fight the injunction.

They will contend that an injunction can merely restrain future action, in compelling that past orders be rescinded.

Miners today decide to fight the government to a finish on the legal battlefield. They have leading attorneys of the country on their permanent staff.

Henry Warum, their chief counsel, will direct the miners' case. Judge Alton B. Barker of New York is also on the miners' staff and may come here. Warum has full authority to call in any further counsel he believes necessary.

Several leading attorneys in every state in which the miners are organized are retained by the district organizations and Warum may summon many of these to assist him.

Absolutely no statements were issued from the mine headquarters today. Officials even suggested that any talking about the strike might be violating the injunction.

Acting president, John L. Lewis, was at his office early. He found his desk piled high with telegrams. He was greatly interested in reading bulletins furnished him by the United Press telling of thousands of coal miners throughout the country answering the strike call.

The international executive board of the United Mine Workers of America, which was convened at headquarters in Indianapolis, Wednesday adjourned Friday evening, and most of the members left for their homes. No date was set for the next meeting, which will be held on call.

"Why should we stay in session longer?" asked one of the members. "There is nothing for us to do."

He had reference to the temporary restraining order issued by Judge Anderson, of federal court, to prevent the executive board members and other union officers from encouraging or promoting a strike in any way.

He predicted that the coal miners will continue the strike effectively without the advice or counsel of the leaders.

Henry Warum, attorney for the United Mine Workers, was in conference Friday evening with John L. Lewis, acting president. They were discussing the defenses against the federal government's suit in federal court.

Before the restraining order was served one of the members of the executive board, when told that the order would prevent the officers of the union from sending communications to the local unions, said with a smile:

"They will need us to call the strike off."

The Double Standard

In its nation-wide campaign to free the land from the menace of venereal disease, the Indiana State Board of Health cooperating with the United States Public Health Service, has laid particular stress on the suppression of prostitution and the detention of women found to be infected, so as to remove the danger of their re-infecting the country.

It was perhaps inevitable that sooner or later as people gathered courage enough to discuss publicly the venereal disease menace, there should arise the question as to why the attack should be leveled against the venereally diseased women. Why not the men?

The answer lies in the fact that the word "prostitute" is being interpreted to mean both men and women. In a few places where the law is as yet interpreted as applying to women only, definite action is being taken to secure amendments to present laws as early as possible.

This is, of course, only justice. We must recognize the given fact that there can not be a female prostitute without, at the same time, a male committing prostitution.

Most of the states that have established clinics for the free treatment of venereal diseases are careful to make no distinction between men and women. In their statistical reports the cases—men and women and, unfortunately, children also—are listed simply as "persons".

It must be recognized that in its campaign against venereal disease the Health Board is moved by no sentimental considerations. The campaign is sanitary and scientific primarily, and to other agencies belongs the task of whatever moral correction is necessary to free civilian communities from vice.

While professional prostitution is undoubtedly the greatest source of venereal diseases, it is undeniable that even those unfortunate women could not so spread their diseases as to make them a menace to the country without the active, though selfish, cooperation of men.

So, while the Board of Health is—

Sap and Salt

By BERT MOSES

It's a good thing that our thoughts cannot be seen.

Life has no bitterness in it if we take it for what it is.

There is just one trouble between capital and labor—greed.

Tankage capacity is of little use since the country went dry.

The dollar is suffering from fatty degeneration of buying power.

Hez Heck says: "Full dress is so called because most men get full when so attired."

sues its warnings to civil communities to guard themselves against the evil of professional prostitutes, it, too, knowing full well how the venereal diseases are spread, may echo the cry for justice: "Why not the men?"

This city is being called upon to enforce an ordinance requiring that all carriers of venereal disease germs be reported to the health officials for quarantine. Now is the time for all good people to join in a worthy effort to convince the city council of the wisdom of prompt action on the subject.

Using The Surplus.

One of the important activities of business of farming is in feeding live stock for the market. But equally important for the present day farmer is the feeding and fattening of his surplus. For like every successful business man, the successful farmer carries a surplus outside his business.

The farmer has found it profitable to buy live stock in poor condition at low prices, feed and fatten and prepare it for the market. He would not consider shipping stockers and feeders to live stock centers on a break in the price. The same reasoning applies equally to his surplus.

For the dollar today is a lean and cheap dollar. The wastage of war excess of demand over production and extravagance following the strain of war have forced down the market value of the dollar. The dollar is only worth about half as much as it was in 1914, as has been the case after every great war. Prices are up now and the purchasing power of the dollar is low, but as that situation reversed itself in the past so in the next few years with increased production prices are bound to recede and the value of the dollar to increase, according to experts.

An old Ohio account book dated 1865 shows consumers then were paying 25 cents a pound for sugar, \$2 a pound for tea, and 12 cents a pound for rice. After the Revolutionary War Martha Washington paid \$3 a pound for sugar.

For the farmer to market the dollars of his surplus now is as unprofitable as selling gaud and serawny range steers on a falling market with his barns and silos full of feed. For he can fatten his dollars on the interest of safe investment until their market value return to normal.

It's quite aristocratic to take your tea and coffee straight now, you know. Only the vulgar minded seek to cut a dash with a lump of two of sugar.

It is quite right and proper to love your neighbor as you love yourself, but don't talk in your sleep if she is young and handsome.

Famous War Workers Must Withstand Risks of Peace

(By United Press.)

London. (By Mail)—The Air Ministry is releasing its gallant pigeon war-workers, nearly 100,000 strong. Just now while grouse shooting is in full swing sportsmen are asked not to point their guns at any pigeon that is not beyond all possibility of doubt a wild one. During the war the carrier-pigeons saved the life of many a soldier and sailor and authorities say it would be a tragic pity if any of these gallant helpers should survive the risks of war only to be killed by their friends in times of peace.

He was postmaster in a southern mountain town and was notorious for the thinnest legs ever seen on man, and a leaning toward poker. About 3 o'clock one morning, excitement in a game aided by a jug of moonshine caused a mountaineer, who had lost a fat pot to the postmaster, to pull a gun. Ten minutes later one of the alarmed spectators was pounding on the door of Doc Jennings. The Doc raised an upper window and sleepily said:

"Well?"

"Hey Doc!" gasped the excited person, "git your tool kit and come over. The postmaster has been shot. We was playin' poker."

"Where did he git hit? I was never stuck on him anyhow—"

"Alex Sanders shot him in the leg."

"He did. Shot him in the leg?"

"He sure did. Ain't you comin'?"

"Nup. In the first place, there wasn't nothin' to get hurt, and in the second place it was durned good shootin'. Good night!" Down came the window.

Catarrh Specialist Coming to Rushville

WILL GIVE FREE EXAMINATION AND ADVICE

Medical Director of Indiana Catarrh Institute to Give Talk on Catarrh and Tuberculosis.

Chronic catarrh of the nose, throat and lungs is so prevalent and is so often the forerunner of fatal diseases like tuberculosis, influenza, asthma, hay fever and others that the Indiana Catarrh Institute, permanently located at 1436 North Illinois street, Indianapolis, Ind., is sending their medical director to a few points in Indiana to examine and advise sufferers from this disease on how to prevent or cure it.

His examination, consultation and advice is free. He invites everyone who is afflicted with chronic catarrh of the nose, throat of lungs, chronic cough and bronchitis, dropping mucus in the throat, pains in the chest, shortness of breath, clogged up head and nostrils, head noise, catarrhal deafness, hawking and spitting, or any chronic catarrhal conditions, to be examined and get his advice without charge or obligation. He will be glad to talk with you, giving you the benefit of his skill and experience freely.

Beware of tuberculosis and other fatal conditions by taking treatment in time.

The specialist will be at the Hotel Seaman, Wednesday, Nov. 5th, from 9 a. m. to 8 p. m., one day only, and will examine all who call to see him. For further information either call in person or write the Indiana Catarrh Institute, 1436 N. Illinois St., Indianapolis, Ind.

Current Comment

Should Adopt Resolution

(New York Times)

Senator Watson's resolution for an investigation into the alleged Bolshevik proclivities of employees of the Federal Trade Commission should be adopted, but the matter should not stop there. There is more than one department in the government in which radical doctrines find their advocates, though, if Mr. Watson's information is correct, the Federal Trade Commission has surpassed the others. Men whom he names have denied his charges with proper indignation; the whole matter should be fully investigated.

The meat of the matter is to be found in one clause of the preamble to Senator Watson's resolution: "If Bolshevism, with all that it implies, is to be met and overcome in this country, it must be done by first ousting all its adherents and advocates from public office." It is amazing that agencies of the government should be used for the purpose of overthrowing the government.

The question arises how and by whose authority these agitators are introduced into the government service. If it were confined to one bureau or department the thing might be laid to the individual idiosyncrasy of some local chief or commissioner. But there have been many Socialist and radical agitators in the service of the government at Washington and abroad. How do they get there? Who is responsible? If in the anarchic days that followed the revolution the government service had been full of sympathizers with Shays and the whisky rebellion, everybody in the country would have known whom to blame. The nation is bigger and more complicated. Perhaps the responsibility is widely distributed, or it may rest with a few men. In either case the Congress of the United States should find out who is responsible for such appointments.

HUDSON WILL RECOVER

Oliver Hudson, who was accidentally shot in the left leg Tuesday night and was removed to the Connersville hospital for an operation, will recover, according to word received today. Mrs. W. H. Hudson, his mother, says that Hudson was not carrying the revolver when the accident happened, but that it was lying on the seat beside him.

The Bull Dog

Cylinder

This is another Litchfield creation which has caused no small disturbance in the ranks of its competitors. This is used on the "Rushville Special" Spreader.

This is called Bull-Dog because of the determined and thorough method of taking hold of the load and tearing it to pieces. The high carbon steel teeth are double headed in the steel bars, with diamond points toward the work. The teeth are of two lengths. The long teeth first penetrate the load and the shorter teeth follow, clearing and cleaning so as to avoid packing or unnecessary friction—just like a cross-cut saw.

This Bull-Dog Cylinder hangs far enough below the spreader bottom so that the upward stroke lifts and carries away the material without DRIVING IT BACK into the body of the machine. As the load is moved by the saw-tooth conveyor, this beater wheel thoroughly tears and distributes without packing, bunching or clogging. There is no "wallowing" in the load with this beater wheel—therefore, no unnecessary draft.

The Bull-Dog, combined with our No-Choke Box, of which I will tell you later, reduces the draft from 15% to 30% over the old-fashioned kind as used by our competitors. This not only makes the draft light on the horses, but reduces the wear and tear of the machine and makes possible our Five Year Guarantee.

Your land needs it now. Don't take a chance by waiting. There is nothing gained by delay, but much may be lost. BUY IT NOW.

SHOWS BENEFITS IN ARMY TRAINING

Gen. Pershing Declares in Favor of
Universal Military Training
Before Committee

WHAT IT SHOULD INCLUDE

Says it Would Develop Vigor and
Manhood, Mentality and Re-
spect For Authority

(By United Press.)

Washington, Nov. 1.—Gen. Pershing has declared for universal military training.

"Universal training brings many benefits and such benefits should be universally extended to all of our young men," he said.

Pershing appeared before a joint meeting of the house and senate military affairs committee to outline his views on the present military policy of the United States.

The program, Gen. Pershing declared, should include. One, a permanent military establishment large enough to provide against sudden attacks. Two, a small force sufficient for expeditionary purposes to meet our international purposes, particularly on the American continent. Three, forces sufficient to cope with any internal disturbances. Four, a trained citizen reserve organized to meet the emergency of war. Five, a standing army of 275,000 to 300,000 is ample for the peace time needs of the United States, Pershing declared.

Outlining the benefits which he declared he believed would result from adoption of universal military training, Pershing included:

First, development of physical vigor and manhood, development of mentality, decrease of illiteracy, teaching of discipline and respect for authority, development of initiative and better preparation for the duties of citizenship. This last benefit, Pershing said, is especially needed among aliens in America.

If America had not been unprepared, our rights would not have been violated, Pershing said, and added that the country's success in the war was due to the united determination of the people rather than any forethought in preparedness.

AMUSEMENTS

From Elinor's Glyn's Novel

Catherine Calvert, the popular screen star whose exceptional work in "Fires of Faith," the Paramount picture which scored so heavily at the Harris Theatre-New York, is the star in the Paramount-Artcraft Special, an adaptation of Elinor Glyn's famous novel "The Career of Katherine Bush," which will be displayed at the Princess theatre next. She is an ideal heroine in this powerful picture.

"The Career of Katherine Bush," is known to millions of readers, the sale of the novel having exceeded one million one hundred thousand copies. Miss Calvert's adaptability to portray the title role of this subject, plus her great success as a motion-picture artist, it is felt that her selection was most judicious. Miss Calvert has a wide following among the motion picture patrons and she has been nationally exploited to a degree paralleled by few screen favorites.

Tom Moore is at the Princess today in "Just For Tonight" and Charles Murray in a comedy, "The Dentist."

New-Day Milk

Double-Rich—Germless—Economical

We bring you milk now in the new-day way, and the highest grade of milk. It comes from high-bred cows, from sanitary dairies. It is guarded at every turn. It comes to you as a cream. For drinking or for cooking you reduce it as you wish. It is utterly germ-free.

No Shortage—No Waste

Milk of this grade, under our plan, costs you less than bottled milk.

There are small cans and large cans. You open little or much as you want it, and you save all waste.

It supplies you both milk and cream—both of a super-grade. And you never need to guess on your wants.

Supreme Quality

This Van Camp Milk comes from high-bred cows. They are kept in sanitary dairies and are regularly inspected.

Close to each dairy we have a model condensery. There the fresh milk is placed in a vacuum. Then we apply a low heat until

half of the water evaporates. This for economy in shipping.

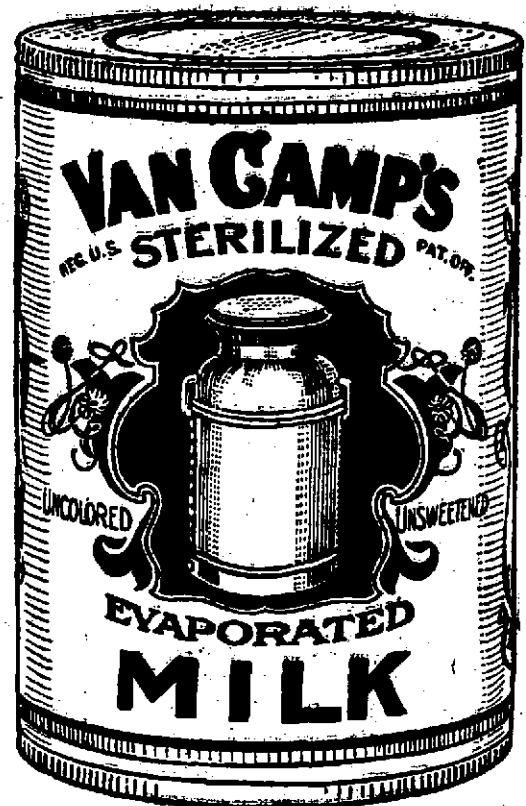

The milk thus becomes as thick as thick cream. It is then sealed, then sterilized.

Use it as it comes for your coffee. Dilute it somewhat for your cereals. Add an equal part water—the water we evaporate—and you have a rich milk for drinking or for cooking.

You are never forced to skimmed milk, even for cooking. You always have the full butter fat.

We have spent 20 years in perfecting facilities to bring you such milk as this. Until you get it you are missing the finest milk produced.

They do not dislike it, as it has no positive taste. C. G. Clark & Sons

chivalrous Southern gentleman, wished to get it for his charming fiancée and crawled under the fence. It was of the barbed wire variety. He got caught and tore a long hole in his riding breeches. This disaster so embarrassed the young man that he hesitated to go to the rescue of a young woman whose horse was running away. The opportunity was running away. The opportunity was seized by another and the hero, too shy to explain, is branded a coward and later a traitor, by his sweetheart.

The novel and thrilling manner in which the young man redeemed himself makes "Fighting Through," showing for the first time in this city today at the Mystic Theatre, a swiftly moving tale of romance and adventure, and offers E. K. Lincoln one of the best roles of his career. The story was not only written by W. Christy Cabanne, but also directed and produced by him.

The other picture on the program today is a Harold Lloyd comedy, "Crack Your Heels."

DISCOURAGES ATTENDANCE

Boston, Nov. 1.—High car fares are discouraging church attendance is the opinion of prominent ministers here, who advocate a five-cent fare on Sunday. The present fare in Boston is 10 cents. The Rev. George R. Stair, D. D., a Baptist pastor advocated a system similar to the plan now in effect by which students pay a five-cent fare.

FLOODS DAMAGE CROPS

Shoals, Ind., Oct. 31.—Damage done by recent floods in Martin county is probably as great as that of any other high water period in the history of this part of the state, according to late estimates.

The Woman's Council will meet in the Callahan Store in East Second street Monday evening at 7:30 o'clock.

The Missionary Circle of the Main Street Christian church will be entertained by Miss Elizabeth Gronier at her home in North Main street, Monday evening.

Miss Dorothy Whitaker of North Arthur street entertained a number of her girl friends last evening with a Halloween party. The rooms were decorated with pink and white chrysanthemums. The out-of-town guests present for the occasion were Miss Mary Baldridge of Arlington, and the Misses Mary Ricketts and Lois Wiley of Milroy. Light refresh-

ments were served at the close of the evening.

Miss Myrtle May Jones, niece of Charles Kennedy, of near New Salem, and Harley Spacey, also of this county, were united in marriage Tuesday afternoon at the home of the bride's uncle near New Salem. Mr. and Mrs. Spacey will make their home with the bridegroom's parents at present.

The Monday Circle will meet Monday afternoon at the home of Mrs. Vern Norris in West Second street. At this meeting Mrs. C. H. Gilbert will read a paper on the music and painting of Modern Belgium and France and Mrs. Payne will give a talk on Modern Belgium's and France's Sculpture and Architecture.

Mr. and Mrs. Albert Updike entertained the members of the Les Damoselles Societe Thursday evening at their country home west of the city with a Halloween party. The home was beautifully decorated for the occasion with flowers and Halloween emblems. After spending the evening socially with music, refreshments were served by the hostess.

Miss Sylvia Lakin was hostess for a delightful Halloween party and pitch-in supper last evening at her home in North Perkins street. The house was decorated in the Halloween emblems and the color scheme of black and yellow was carried out in the decorations. The guests were the Misses Mildred Kirk, Frances Dugan, Margaret Cooning, Mary Ellen Hughes, Sylvia Lakin and Ruth Smythe and Richard Imley, Rex Krammes of this city, and Lawrence Sparks, William Biddinger and Carl McWilliams of Greensburg. The evening was spent in games and dancing.

Mrs. Amos Glidden was hostess for the members of the Sunshine Embroidery Club yesterday afternoon at her home near Raleigh, when she entertained them with a Halloween party. The rooms of the home were decorated with Halloween colors of yellow and black. The day being guest day, a number of guests were present for the meeting. The hours were enjoyed over needlework after which dainty refreshments were served.

Mauzy's

Fur Opening

The Mauzy Co. has the pleasure of announcing that MR. L. D. HOLLAND of THE ANNIS FUR CO. will give an extensive exposition and sale of High Class Furs

Monday, November 3

The grace and poise and distinguishing beauty of Fur is not alone the effect it produces upon the admirer's eye, but more truly the effect it produces upon the owner's consciousness. If mildy is sure of her Fur—its character—its author, then her pride and pleasure are reliably reflected. But unless she is sure of those things there may be a lack of that fullness of pride or joy or satisfaction that comes from the possession of real Furs. The "mediocre" and "inferior" are two impossible terms in the category of furs—for 'tis quite often that the zeal of supply outstrips the zeal for service—so one cannot be too careful. It is in this direct connection that Mauzy's and Annis' Furs are firmly emphasized.

It is not too soon to suggest the wisdom of selecting Mauzy's Furs now to be set aside for the Christmas Gift. The exact piece you select will be the one reserved for you.

The Fur you choose will be delivered to you at once.

The Mauzy Co.

This exposition will comprise high class coats, coatees, scarfs, stoles, muffs and sets. There will be a wonderful assortment to choose from. Whatever you select will be delivered at once.

Mr. and Mrs. Cary Jackson were delightfully surprised at their home in North Main street, last evening, when a number of their friends planned a masqued surprise, honoring the birthday of Mrs. Jackson. A pitch-in supper was enjoyed by the following guests: Mr. and Mrs. Aaron Wellman, Dr. and Mrs. J. T. Paxton, Mrs. Lew Lewis, Mrs. Emma Powell, Mrs. Lide Elliott, Mrs. Florence Elliott, Mrs. C. M. George and two daughters Ellnore and Elsie, Mrs. Harry Stricker and Mr. and Mrs. Elmer Caldwell.

Miss Freda Norris was hostess to the members of the Junior class of the Orange high school, Thursday night, when she entertained them with a Halloween party. The rooms were prettily decorated with streamers of orange and black crepe paper,

autumn leaves, and myriads of black cats, witches, bats and jack-o'-lanterns were used. The guests were entertained with music, contests and dancing. Refreshments were served at a late hour. The invited guests and members of the class present were the Misses Nellie Stevens, Myrtle Beyer, Dorothy Davis, Hallie Whicker, Freda Coon, Freda Snyder, Emma Newman, Ruth Davison, Thelma Norris and Irvin Long, Russell Coon, Loupen Schrouz, Israel Long, John Creek, Edwin May, Harold Stevens, Virgil Pike, Don Looney, Gilbert May and Alonzo Armstrong.

Miss Hazel Harrold and Aaron Harrold entertained a number of their friends with a masked Halloween party Thursday evening at their beautiful country home west of the city. The spacious rooms were decorated with the color scheme of yellow and black. The guests present for the joyous occasion were the Misses Margaret Bell, Helen Lambert, Florence Lambert, Helen Babout, Alice Montgomery, Mary Cowger, Mary Louise Darnell, Raeburn Lowe, Eloise Kelley, Bertha Haywood, Exine Dickman and June Lightfoot and Readle Casady, Russell Bell, Wade Dill, Louis Sample, Doris Darnell, Herman Phillips and Orlethus Grunden and Mr. and Mrs. John Darnell and son Hershell.

The Y. P. C. U. of the United Presbyterian church was delightfully entertained at the home of Mary and Arthur Wilson in North Perkins street last evening. The Halloween colors of yellow and black, pumpkin faces and autumn leaves were used in the decorations. Upon the arrival of the guests they were met at the door by a ghost. After an evening of games and a business session refreshments were served. Forty members were present and three visitors.

Miss Dorothy Rogers entertained six of her little girl friends last evening at a Halloween party, at the home of her parents in West Second street. The guests present were Helen Kirk, Gladys Newman of Glenwood, Elizabeth Trader, Margaret O'Neal, Mary Frances Fitzgerald and Elizabeth Tyner. Refreshments were served at a late hour.

A large crowd attended the antique dance at the Social club last night. Decorations appropriate to the season were used and light refreshments were served during the evening.

WORK IN E. A. DEGREE The Masonic lodge will have work in the E. A. degree Tuesday night at seven-thirty o'clock, and all members are urged to be present.

This page is read eagerly by over 7,000 readers daily. It is
invaluable for merchants, farmers, professional men and all pro-
gressive people.

OUR BASIS

All advertisements, except display, are charged for at the rate
of one-half cent per word for each insertion.

We earnestly solicit these advertisements by telephone and ex-
pect payment when the collector calls. Ads mailed in should be ac-
companied by the remittance, as the amount is generally too small to
justify bookkeeping.

Cards of Thanks and Obituaries are charged for at the same
rate, minimum charge 25 cents. No charge accounts opened.

GUARANTEED ADVERTISEMENTS ARE NOT TAKEN AFTER
10:00 A. M. FOR PUBLICATION ON THE SAME DAY.

Corn Pen Lumber

We have a large stock of 8, 10 and 12 inch
boards suitable for corn pen tops; also
for barn siding. They are cheaper than
shiplap and we have metal batten strips
to go with them.

Obituaries 33

In loving remembrance of Daily
Locke who died Nov. 2, 1918, just
one year ago.

Of our thoughts do wander
To a grave not far away
Where we laid our dearest loved
one,
Just one year ago today.

When the evening shades are
falling
And we are sitting all alone
In our hearts there comes a long-
ing
If he only could come home.

As I walk among the living
Sincerely knowing where to tread,
I may laugh with those around me
But my heart is with the dead.

Sadly missed by WIFE and
19811 DAUGHTERS.

DENOUNCES WATSON ATTACK

Sen. Myers Says Commission's Reply
Was "Outrageous"

Washington, Nov. 1.—Criticism of
Senator Watson, of Indiana, by the
federal trade commission for intro-
ducing a resolution calling for an
investigation into alleged anarchistic
activities of employees of the com-
mission was denounced in the senate
Thursday by Senator Myers (Dem.
Mont.) He said the commission's at-
tack was "scurrilous" and "outra-
geous" and "entirely out of place
and a violation of all propriety."

Senator Myers said he did not
know whether Socialists were em-
ployed by the commission, but that
he did know they were in other gov-
ernment departments.

A permanent Red Cross hospital
built in Shanghai in 1894 has been
the center of Red Cross activity in
China for the past twenty-five years.

Big Lot of
Hay Fever Jokes

But Kentucky Man Says—"People Who
Belong to Hay Fever Colony are
Kidding Themselves."

Wouldn't Be Any Rose or Hay
Fever if Simple Home Rem-
edy Was Given a Chance.

"Yes, there's a real NINETY-NINE
per cent effective remedy for hay
or rose fever," frankly states a drug-
gist in a prosperous Kentucky city.
"But I don't expect anyone to be-
lieve me, because the treatment is so
easy and the cost not worth mention-
ing."

"The annual crop of hay-fever jokes
would be mighty scarce if people
would get an ounce of Mentholized
Aerine and by just adding water that
has been boiled make a pint of liquid
that will prove a real help to all who
suffer."

"Many of my hay-fever friends tell
me that by starting to gargle and
snuff or spray the nostrils a few times
a day the expected severe attack often
fails to appear and in cases where it
does show up is very mild and does
not annoy."

"The Better Class of Pharmacists"
who dispense Mentholized Aerine say
it will greatly modify any attack even
when taken three or four days after
hostilities begin.

Go to a real live druggist when you
get ready to make a pint.

7 A DAY FOR 7 DAYS

If Your Nerves Are Shaky Because of
Over-Indulgence in Tobacco or
Alcohol or by Excess of Any Kind,
Bio-Ferex Is What You Need
—Right Away.

Don't grow old before your time,
don't let nervousness wreck your hap-
piness or chances in life. The man
with strong, steady nerves is full of
vigor, energy, ambition and confidence.
You can have nerves of steel, firm
step, new courage and new mind by
putting your blood and nerves in first-
class shape with mighty Bio-Ferex, a
new discovery, inexpensive and effi-
cient.

Men and women who get up so tired
in the morning that they have to drag
themselves to their daily labor will in
just a few days arise with clear mind,
definite purpose and loads of ambition.

All you have to do is to take two
Bio-Ferex tablets after each meal and
one at bedtime—7 a day for 7 days—
then reduce to one after each meal
until all are gone.

Then if your energy and endurance
haven't doubled, if your mind isn't
keener and eyes brighter, if you don't
feel twice as ambitious as before, any
druggist anywhere will return the pur-
chase price—gladly and freely.

Bio-Ferex is without doubt the
greatest remedy for nervous, run-
down, weak, anemic men and women
ever offered and is not at all expen-
sive. All druggists in this city and
vicinity have a supply on hand—sell
many packages.

THEY GET ACTION AT ONCE

Foley Kidney Pills invigorate, strengthen and heal inactive, weak and diseased kidneys and bladder. Mrs. C. J. Ellis, 505 8th St., Sioux Falls, S. D., writes: "I suffered with kidney trouble; used to have severe pains across my back and felt miserable and all tired out, but after taking Foley Kidney Pills I am well. I have not been bothered with kidney trouble since." They relieve headache, rheumatic pains, swollen or stiff joints, puffiness under the eyes, floating specks. F. B. Johnson. —(Adv.)

HEARS OF UNCLE'S DEATH

Mrs. George Nicholson Gets Word of Demise of John Collier.

Word has been received here by Mrs. George Nicholson of the death of her uncle, John Collier, at Bristow, Oklahoma, at the age of 61 years. The only survivor is the widow, who was formerly Miss Frances Bodine, of this city. Mr. Collier was born in Cincinnati May 3, 1859, and moved to Bristow twenty-five years ago, where he spent the remainder of his life. Mr. Collier retired from business a few years ago and devoted himself entirely to overseeing the work on his various farming properties near Bristow. The funeral services were held at the Bristow Catholic church and burial took place there.

COUNTY FARMERS MEETING

Court House Assembly Room Crowded to Capacity This Afternoon

The court house assembly room was crowded to capacity this afternoon at two-thirty when the first meeting of the directors of the Rush county Farmers' Association was held. Farmers from every nook and corner of the county were here, and each township had their director here to represent them. This was the first meeting of the organized body, since being accepted as a unit in the state organization. The principal address was delivered by Lewis Taylor, secretary of the State Federation of Farmers' associations who was here today to meet with the local farmers.

DR. OSBORN'S IMPROVED METHODS ARE EXCLUSIVELY HIS OWN, AND THERE IS NO GUESSWORK ABOUT IT. THEY HAVE PROVEN SUCCESSFUL.

In the treatment and cure "without the use of the knife" of Piles, Fistula, Fissure, Prostatic Enlargement, Rupture, Chronic Diseases of the Kidneys, Bladder, Obstruction, Rheumatism, Stomach, Bowels and all other curable Chronic Diseases.

No Matter How Obstinate or How Contracted — Cured

When I say I can cure you, you can depend upon it, for I know from the successful results in thousands of similar cases to yours, just what I can accomplish. Grateful patients treated by me are constantly recommending others, and this is why I possess such a large practice.

Men! Women! If you do less than you should, on your farm, at your desk, or in your shop, you are in some way weak. If you can't accomplish all that you expect or hope for, you are the silent sufferer from some hidden disease that affects one or more of the important nerve centers of the body. These neglected or unknown conditions, are usually diseases of the Pelvic System, which reflexly act upon the organs of Elimination, digestion and the nervous system, which in turn has its influence on the brain. I have made a special study of the Nervous System and have perfected methods that will cure where ordinary methods have failed. I will give you a searching and thorough examination FREE, thus determining the exact location of your trouble.

BEAR IN MIND that I have in Indianapolis one of the most modern and thoroughly equipped offices in the state with a Specialist in charge who is ripe in years of experience, rich and mature in learning in his chosen work. That neither one of us will promise you more than we can give, and should you be unable to see me on date specified above, you can write, or better still, call at my home office, 314 Traction Terminal Building, Indianapolis.

I do not use the knife, neither do I do any cutting.

Tomorrow May Never Come — Get In Touch With Me Today.

Are You Ruptured?

No ruptured man, woman or child need be told of the suffering and agony resulting from the neglect of this awful affliction, nor of your many disappointments and failures to find a cure by experimenting with old-fashioned treatments, leaving you the sufferer in even worse condition than before, and mentally skeptical of ever being cured.

Every ruptured person in Indiana who calls to see me is entitled to a Free Trial of the
